SUMMARY

30 years building companies, leading teams, and shipping products — Fortune 25 to early-stage startups. EE undergrad, MBA (4.0), 3 patents, founded and grew a company to 300 people.

Built a custom AI agent orchestration engine and used it to ship a production SaaS without writing code.

Open to full-time leadership, fractional CTO/CIO, and strategic advisory.

CORE COMPETENCIES

Technology Strategy & Roadmap · AI & Automation · Product Innovation · Enterprise Architecture · Healthcare Technology · Digital Transformation · Startup Advisory · M&A Integration · Team Building & Org Design · Strategic Partnerships · P&L Ownership · SAFe Agile · Blockchain & Emerging Tech

EXPERIENCE

Current Roles

Smarter Travel Planner — Founder

AI-powered trip planning app with conversational concierge, interactive maps, itinerary management, and payments — smartertravelplanner.com. Full production SaaS built entirely by AI agents without writing a line of code.

AI Vibe Coding CI/CD Engine — Architect & Builder

Custom AI agent orchestration system built on Claude Code: epic planning, bead decomposition, parallel agents, smoke gates, failure recovery, and automated quality gates. A repeatable model for autonomous software delivery.

BioSTL Innovation Advisory — Executive Advisor

Ongoing strategic advisory to healthcare startups through BioSTL/Biogenerator, St. Louis's leading life sciences accelerator. (2023–Present)

Woodsmill HOA — President

Leading the drafting & adoption of new governing legal docs & the largest series of capital improvement projects in the 58 year history of the subdivision.

BioSTL / Biogenerator — Head of Innovation Advisory · Executive Advisor · EIR 2023 – 2025

St. Louis's leading life sciences and digital health accelerator

- Took over a dormant advisory practice — 25 advisors, 10 active, near-zero clients — rebuilt from the ground up
- Grew to 100+ advisors (50+ active) and ~15 active retainer clients at any given time
- Grew client engagements 75% within the first 180 days; grew advisor roster 400% over two years
- Negotiated and structured a joint venture between BioSTL and Redesign Health to launch the St. Louis Digital Health Venture Studio
- Produced two BioSTL Health Innovation Summits — largest in org's history; 2025: 40 companies, 10 countries, 350 attendees
- Coached junior associate through multiple promotions to Director-level

Centene Corporation — Sr. Director, Enterprise Innovation & Digital Strategy 2018 – 2023

\$160B Fortune 25 managed care organization, 28M members

- Led enterprise innovation strategy — AI/ML, blockchain, automation, and digital product portfolio from ideation through launch
- Digital products strategy lead for \$20B line of business; aligned strategy with technology investment and product roadmaps

- Identified \$30M in new savings opportunities and led programs to capture them
- Increased live agent call containment 250% deploying a virtual call center agent built on AI, ML, and NLP
- Led COVID-19 digital outreach to 25 million customers — enterprise-wide launch in under 60 days
- Led enterprise blockchain partnerships including the Synaptic Health Alliance

Mastercard — Conceived and built the foundations of 5 product lines · 3 patents 2011 – 2018

VP of Enterprise Partnerships · VP of Product Development · VP of Technology

- Conceived the architecture behind Mastercard Safety Net and led the first 8 months of development — now blocks 70B+ fraudulent transactions
- Invented Mastercard In Control — cardholder geolocation signals for issuer cross-border spend controls — led development through handoff. Patent granted (US11620628B2)
- Contributed pivotal early ideas and led the Microsoft pilot that proved the model for Mastercard Track (\$120T B2B market). Patent filed (US20170270493A1)
- Built the Singapore/IMDA relationship and authored blockchain architecture white papers — foundation of TradeTrust, now backed by 17+ global firms
- Led the team that designed the blockchain identity/verification architecture behind Mastercard Provenance Solution. Patent granted (US11062038B2)
- Global product management for \$10B wholesale travel payments program — \$100M gross income

United Mortgage Partners — President & Founder 2009 – 2011

- Originated concept for a new mortgage platform business model for the post-2008 regulatory environment
- Led the merger and integration of 6 mortgage companies to create a unified lending operation

Equilliance Companies — President & Founder 2003 – 2011

Mortgage lending and real estate services — Orlando, FL

- Founded from scratch; grew to 300+ employees within 24 months
- Acquired 4 competing firms and launched 5 subsidiary companies
- Built proprietary platform for loan origination, marketing, HR, compliance — reduced onboarding cost 75%, origination costs 50%
- Full P&L ownership across the entire family of companies

Sypris Electronics — Director of Sales & Product Management 1999 – 2003

- Led IT systems consolidation across 6 subsidiaries; managed IT staff of 60
- Developed and launched CALWEB — electronic instrumentation software; retained as key differentiator through acquisition
- Managed global sales and strategy for \$10M magnetic sensor product line

Ernst & Young — Manager, Technology Consulting 1998 – 1999

- Reduced IT operating costs 75% for a \$1.5B manufacturer through ERP consolidation and infrastructure optimization
- Rescued two consecutive failing system implementations for the same client; won >\$1M of new work in year one

Berg Electronics — Global Manager of Business Technology 1994 – 1998

\$800M electronic-component manufacturing company

- Progressed from entry-level to global technology leadership in 4 years
- Managed global telecom, email, and internet services across 40 locations in 14 countries
- Improved order management transaction times 70% by redesigning a system used across North America
